

BROTHER AND SISTER DROWNED AT GLEN PARK

BODY FOUND IN CHICAGO LAAGOON IDENTIFIED AS FORMER OTTAWAN

SISTER DISCOVERS MISSING WOMAN IN MORGUE JEWELRY IS GONE

**BODY OF MRS. ELLEN CONNELL
KRAUSE INTERRED IN CHICAGO
CEMETERY AFTER TRAGEDY
WHICH POLICE ARE INVESTIGATING**

After laying unidentified in the Roberts undertakings rooms in Chicago for six days, the body of the unknown woman who was found in the lagoon in Jackson Park with a brother of her temple was identified as Mrs. Ellen Connell Krause, a well known former Ottawa woman and daughter of Mrs. Mary Connell, 317 North Street, Mrs. Krause was last seen two days before her body was recovered. At that time she was wearing jewelry, a watch, earrings, her hair and coat, and carrying her pocketbook in her hand. At the time her body was discovered there was no jewelry on her, and her purse, coat, hat and glasses were missing.

The police of the Hyde Park station are making a thorough investigation of the case. The coroner's inquest was held and the coroner was left open until such a time as the police have completed their investigation. The most plausible theory of the tragedy is that Mrs. Krause was robbed and struck on the head before her body was thrown into the lagoon.

Mrs. Krause was last seen on the morning of June 2 at the boarding house of D. O. Keen, 1111 South Avenue, where she resided. At that time she was fully dressed for the street. Two days later Captain Steinhilber of the coast guard found her body in the lagoon at Jackson Park.

The remains were removed to the morgue of the Roberts undertakings rooms on Sixty-first street, where they remained until last Thursday morning, when Mrs. A. H. Vandell, a sister of the dead woman, identified them.

Mrs. Krause was the widow of Charles Krause, who died three years ago. She was born in Ottawa fifty-three years ago and was raised in Chicago, where she had three children, Mrs. A. H. Vandell and Mrs. John Conley of Chicago, and two brothers, City Sealer William O'Connell of this city and Martin O'Connell of Chicago. Her funeral services were held Saturday morning from St. Alois Catholic church, Chicago, and burial was made in the family lot in Mount Carmel cemetery.

The case attracted widespread publicity in the Chicago dailies, but the Ottawans who read it never dreamed of its being a woman from this city. Many people called to see the remains, hoping to identify them, but it was not until eight days after her sister was last seen that Mrs. Vandell thought of its being her.

Chesman, pastor of the First Baptist church of Ottawa presided over the ceremony, which organization the bride has been an active member for a number of years.

The ceremony was performed in the living room, which was prettily decorated in garden flowers. The bride wore a fine gown of rose green and a corsage of pink roses. There were no attendants, and only the nearest relatives and a few of the intimate friends of the bride were guests.

At the close of the ceremony a wedding supper was served in the dining room.

CITY OFFICIAL ARRESTS NORTH SIDE'S "WILD MAN FROM BORNEO"

**COMMISSIONER PALMER NABS
ALLEGED INSANE BOLSHIEV;
— WON'T EAT BREAD MADE BY
WOMAN.**

After receiving at least a half dozen calls from residents of North La Salle street that a wild man, the kind that come from Borneo, was running at large in the bluff "jungle," City Commissioner John M. Palmer rushed to the scene, captured the alleged maniac, placed him under arrest and lodged him in the county jail.

The capture and arrest were made last night about 11 o'clock.

Upon being questioned, the man gave his name as Karl Olson of Chicago. Judging from his conversation with the authorities, it is certain that he is not mentally O. K., some who have seen him and heard his conversations, regard him as an imbecile, while others would also give him the name of just a plain ordinary, disreputable fellow, although he is a Swede. He is a woman hater. He stated that he would starve before he ever ate anything a woman cooked. He stated that he would not eat bread made by a woman, and that he would sooner eat an apple.

He claimed that he had been in jail for a long time in Chicago and he was always saying he was a red and that he worked in red factories. He stated that they were the place where they kill women, the place where they burn them and put them to death, later killing them. He was also always talking about anarchists and at times would yell at the top of his voice.

When placed under arrest he was walking up and down North Columbus street, talking to himself, yelling and making a disturbance.

The lunatic, as he was classed, appeared to be a well educated man, he was clean cut and wore fairly good clothes. Eleven dollars and ninety cents was found on his person. He will be examined by local physicians and if he keeps up the way he has been he will soon be an inmate of the Rockwood asylum.

WARNS AGAINST LAW VIOLATORS WHO DON'T TAKE CARE OF GARBAGE

A formal warning cautioning residents of the city against throwing garbage promiscuously about, was issued today by Health Commissioner W. A. Pike, in the following open letter to the public:

"During the past few days numerous complaints have been brought to my attention, and in most instances the cause was an improper disposal of garbage, dirt etc. At all times, weather such as we have been having during the past few days, great care should be taken in the disposal of garbage and all waste material, rags, outworn, etc., should also receive extra care and attention.

"In a great many instances people disposed of garbage etc., wherever they seemed to themselves without any thought as to the health and comfort of their neighbors and the public in general. Always bear in mind the fact that garbage breeds disease, has a little consideration for your neighbors. Destroy all garbage and make Ottawa a clean and healthy city."

DOUBLE TRAGEDY FOLLOWS OUTING; RESCUE ONE MAN

(By the Associated Press)

A Sunday outing came to a tragic termination yesterday afternoon at Glen Park, when a widowed sister, mother of one child, and her brother, father of three, were victims of a double drowning in the Fox river. The fatalities occurred about 5 o'clock in the afternoon after the party had ascended to the popular summer resort to spend the day on a picnic. The trip's toll follows:

Mrs. Maxine Gilligan, aged 33, of Plattville, Kendall county.

William Halzer, aged 36, her brother, also of Plattville.

Harry Horton, aged 40, of Plattville is in a very serious condition from exposure.

Were in Bathing.

Holzer, his widowed sister, Mrs. Gilligan, their small children, Mr. and Mrs. Horton and Walter Hess, a cousin of the former, with a large number of others, started out early yesterday on a day's outing. They spent the day at Glen Park and in the afternoon donned their bathing suits for a swim. They enjoyed the water for a while, Holzer and Mrs. Horton attempting to teach Mrs. Gilligan how to swim. The trio went up the river a short distance from the beach and stepped in a deep hole. There was struggle and all three went under.

Hess rushed to the rescue and after working for a time succeeded in finding and bringing to the top the bodies of Mrs. Gilligan and Horton. The former was too far gone to be revived but after working for a time Horton, who was unconscious at the time he was brought to the top, showed signs of life. He was removed to the Sheridan hotel, where today it was thought that he would recover. An all night search was made for the body of Holzer, but it was not located and brought to shore until 8 o'clock this morning.

Rescue One of Party.

Mrs. Horton and the little daughter of Mrs. Gilligan and the three children of Holzer were in the water a short distance from the spot where the trio went down. The water was shallow there and the kiddies were able to reach the shore in safety. Mrs. Horton and the four youngsters were almost overcome by the sight that confronted them.

Hess, who was a few feet away, dived down in the hole, but worked for a time without being able to locate the bodies. Forty-five minutes after the accident, he again went down and brought up Mrs. Gilligan's body. A few seconds later he succeeded in finding Horton and brought him to the surface. This morning Charles Jacobson and Floyd Petty of Sheridan went to the river and taking a float rowed to the spot where they thought the bodies had gone down. They dived and succeeded in recovering Holzer's remains.

Pulmotor Revives Horton.

Dr. W. P. Freud was summoned from Ottawa and went to Sheridan, taking his pulmotor with him. When he reached there he pronounced Mrs. Gilligan dead, but was able to revive Horton.

Sorrow Enshrouds Village.

At Plattville today, where the families resided, the whole village was shrouded in sorrow, and neighbors rushed about discussing the sad event. Mrs. Gilligan kept house for her brother, who conducted a butcher shop. Mrs. Holzer is a patient at the state asylum at Elgin. Horton is employed in the shop. By the fatality the four little children are left without parents.

Hold Inquest.

A coroner's inquest was conducted by Deputy Coroner Parsons of Leland yesterday evening over the remains of Mrs. Gilligan. This morning a second inquest was held over the remains of Holzer. The verdict in each was of accidental drowning.

After the inquests the remains were taken to the Yorkville undertakers, where they were prepared for burial. Funeral services will be held in Plattville.

Here is a good true story, and it is not an embellished by the advertising department of a tire company. A representative of the tire company had been in the city and in a conversation with Mr. Bonnis this story developed.

Last year Mr. Bonnis left home for an overnight trip in his machine for California with two Miller cords tires on the rear wheels, and the trip, which has just been completed, of over 3,000 miles and in which he crossed the Rocky Mountain ranges
